

ATTORNEY MUNRO WRITES TO RUSSEL

**Lists Employees on Whose
Cases He Will Not
Seek Re-hearing**

REFERS TO CONFERENCE

**States Portion of Decision Re-
lating to Attorneys Is Being
Given Careful Consideration**

ACTION RELEASES MONEY

Chicago, Nov. 12.—The following letter has been sent by Attorney Fayette S. Munro, counsel in the Ferguson suits which have been tying up the pay of a large number of state employees, to state Treasurer Russel, listing the state employees on whose cases he would not apply for a re-hearing before the supreme court.

"At the conference at which you, Mr. Logan Hay and myself participated, it was suggested that as soon as we were able to read the opinion of the supreme court and decide upon what matters we would not ask for a re-hearing, that we should write you a list that the money could be released.

"As we understand the decision, the court holds that with the exception of three assistant attorney generals in charge of tax office, members of the board of veterinary examiners and treasurer of the state geological commission all the positions assigned by the appeals in their cross errors are employees. It will thus seem that the court holds the following to be employees and not officers.

"First—All the secretaries, accountants, engineers, statisticians and experts mentioned under the public utilities commission.

"Second—Assistant grain inspectors, grain clerks, supervising examiner under the grain inspection department.

"Third—Livestock inspectors, state agents under the live stock commission.

"Fourth—Actuary insurance examiners under the insurance department.

"Fifth—Biologists, entomologists, chief clerk, bacteriologists, food inspectors, under the food department.

"Sixth—Engineers and chief clerk under the state highway commission.

"Seventh—Secretary of the rivers and lakes commission.

"Eighth—Inspectors mine rescue commission.

"Ninth—Accountants and appointees under Illinois waterway commission.

"Tenth—Industrial examiner for industrial board.

"Eleventh—Director engineers and chemists of state water surveys.

"The portion of the decision which relates to attorneys is being given careful consideration by us with relation to the petition for re-hearing.

"We are also considering the question of re-hearing all items involved in the veto message. So far as the items above specifically set forth are concerned, we will not file a petition for re-hearing upon them and you are at liberty to pay out the sums of money due to the men holding these positions.

"This letter is written hurriedly and possibly without the mature deliberation which the questions involve but we are anxious that those who have served the state during these months without salary shall receive money as quickly as possible."

The letter was dated Nov. 11.

SCHOOL CHILDREN ARE GUESTS OF ROCKEFELLER

Cleveland, O., Nov. 12.—A second section of school children numbering 25,000 were the guests of John D. Rockefeller at the Cleveland flower show today. Ample arrangements for handling the big crowd were made and the children had more chance to enjoy the show than yesterday when a like throng jammed the big Coliseum to overflowing.

GIVE REASONS FOR PROBE

New York, Nov. 12.—"Misconduct in office, neglect of duty and inefficiency" are among the reasons given by the executive committee investigating the public service commission, in a public statement tonight for its recommendation to Governor Whitman for the dismissal from office of Edward E. McCall, chairman of the public service commission of this district.

TO BEGIN WORK OF DRAFTING ARMY BILL

Washington, Nov. 12.—Work of drafting the army appropriation bill in accordance with the administration's national defense program will be undertaken next week by Senator Chamberlain and Representative Hay, chairman of the congressional military committee.

SEEKS AID OF POLICE TO RECOVER MONEY

**RANCHER LOSES \$10,000 IN FAKE
HORSE RACING SCHEME**

Came to Chicago With Four 'Friends' to Make a Big Clean-up on a "Sure Thing"—Hoynes States White's Experience Was Only One of a Dozen.

Chicago, Nov. 12.—Dudley White, a rancher of Limestone, Mont., sought the aid of the police today in recovering \$10,000 he had bet on a horse race with four men he had met in St. Paul, October 27th. White said he had won a few bets in St. Paul and then came to Chicago with them to make a big clean-up on a "sure thing." He bet \$10,000 at four to one, he said and his horse won. He waited until he got tired in a downtown hotel for the "kind friends" to bring him the \$40,000 today and then went to the police.

White has some hopes of getting his money back because he bet a certified check on which he may be able to stop payment.

White's experience was only one of a dozen that has netted a gang of confidence men \$200,000 in the last few months in Illinois, Missouri, Indiana and Minnesota, according to State's Attorney Macley Hoynes.

Hoynes announced tonight that his investigators have discovered evidence that will cause him to seek the indictment of a half dozen city detectives on charges of collusion.

William P. Stimmell of Phoenix, Va., reported just a few weeks ago that he had lost \$32,000 to a similar crowd.

FIVE PRISONERS MAKE ESCAPE FROM KANSAS PENITENTIARY

LEAVENWORTH, Kans., Nov. 12.—Five prisoners made their escape from the Kansas State penitentiary at Lansing at eight o'clock tonight and at a late hour still were at large.

William LaTrasse, convicted of train robbery, was the leader. The others were: Glenn Davis, convicted of murder, serving a life term; Frank Miller, No. 4, who recently killed another convict; Roy Brownson and Charles Baumann, both convicted of burglary.

It was thought the prisoners were surrounded in some timber near the Missouri river and the guards gathered to give them a fight. The prisoners disappeared however.

FOUR CHICAGOANS ARE KILLED WHEN TRAIN HITS AUTOMOBILE

ELGIN, Ill., Nov. 12.—Four Chicagoans were killed when a Chicago, Milwaukee & St. Paul train struck their automobile at a grade crossing one mile south of here today.

The dead:

Mrs. William S. Johnson, wife of an attorney.

Miss Ethel Briggs.

R. Flagg.

Leonard Lansing.

The car was ground to splinters and its occupants tossed in the air and terribly mangled. They were bound for Johnson's farm near here.

MACDOO TO DEFEND SHIP POLICY.

New York, Nov. 12.—The annual gathering of the Academy of Political Science, which will be a two-day session devoted to "The American Mercantile Marine", opened here today. The meeting will be the arena in which Secretary MacDoo will portray the administration's views of the subject and answer the many critics of this policy, and the opposition will be voiced by Hon. John W. Weeks of Massachusetts, who has pronounced views on the merchant marine. All phases of the question, including the LaFollette Seamen's act, will be discussed.

SANDBAR ALMOST COMPLETELY BLOCKS MEMPHIS HARBOR

Memphis, Tenn., Nov. 12.—Formation of a sand bar in the Mississippi river in front of the Memphis wharves has almost completely blocked the harbor. Encroachment of the bar, together with the fall in the river, is threatening to tie-up the city sewage system. Plans to divert the river channel so that the main current will wash away the bar are being considered by government engineers.

CITY PLANNERS AT BOSTON.

Boston, Nov. 12.—A city planning exhibition opens today in the new wing of the Massachusetts State House. Officials of nearly all of the bigger cities and towns of New England are taking part in the conferences which begin today and extend for ten days. The Homestead Commission arranged the conference as the ideal way to open the new wing of the State House.

APPEALS FOR RELEASE OF BELGIAN LAWYER.

Paris, Nov. 12.—Henri Robert, president of the Paris Bar association, speaking at the American club today, appealed to the American ambassador and the American government to endeavor by diplomatic means to secure the release of the eminent Belgian lawyer, M. Theodore, president of the Brussels bar association, from the German prison at Ingolstadt, where he said he was confined without any specific charge against him.

PROTESTS AGAINST LANDING IN GREECE

**Bulgaria and Turkey Un-
easy Regarding Contin-
ued Landing of Troops**

ITALY TO INTERVENE

**Will Support Allies in Balkan
Campaign — Roumania
Waiting on Russians**

TEUTONS ADVANCE SLOWLY

LONDON, Nov. 12.—The continued landing of British and French troops at Saloniki is causing some uneasiness to Bulgaria and Turkey and the ministers of those two powers today again protested to the Greek government which took formal notice of their protest.

Italy to Give Support.

The determination of the entente allies in their Balkan campaign is shown by the large force they are sending to the Balkans and news was received from Rome today that Italy also had decided to intervene in this region, "in a manner worthy of her greatness," and to give sufficient support to the British and French to assure a complete triumph. This is said to have had some influence on Greece and Roumania. Roumania, however, is awaiting for the developments of the Russian plans.

Meanwhile the Austro-Germans and Bulgarians are advancing slowly in their efforts to cut off or annihilate the Serbian army. These efforts, however, are growing more and more difficult as the Serbians now have occupied, according to their official report, defensive positions to the south and east of Kralievo and east of Ivanitz and on the eastern front on the left bank of the Southern Morava, where heavy fighting is in progress.

Big Battles Proceed in South.

Big battles also are proceeding in the south between the Bulgarians and the Anglo-French, but the reports are so conflicting that it cannot be said which side has gained an advantage.

Outside the Balkans the most important theatre of operations now is along the eastern front. In the north the Germans apparently have abandoned any hope of reaching Riga and Dvinsk, at least until the ground freezes and are being driven back from the Dvina which was their objective.

The Russians in the Riga region are attempting an outflanking movement and their recent successes have brought them within striking distance of the Tukum-Mitau railway which connects the German fighting front with the fortress of Windau.

Germans Fall Back Before Dvinsk.

The Germans also are falling back before Dvinsk as the result of the Russian offensives near Lake Swenton, while in the South General Ivanoff has continued to harass the invaders by repeated thrusts which, during the past five weeks, according to Petrograd despatches have brought him nearly 130,000 prisoners. In the most recent of these thrusts, near Rudka the dead totalled six thousand and many of whom were Germans. The Italians kept up their offensive on both the Trentino and Isonzo fronts and are making another effort to take Gorizia which has withstood them for so long.

On the western front heavy artillery bombardments are again beginning in Artois but with the present rain soaked condition of the ground this can hardly presage another offensive.

GOPHERS READY FOR MAROONS.

Minneapolis, Minn., Nov. 12.—The big football game of the season here is that between University of Chicago and University of Minnesota, which will be played here tomorrow. The Gophers are in great shape for the gridiron battle, and will entertain the Maroons by putting against them the strongest team Minnesota has had for some years. Homecoming Day will be observed on the field, and the alumni will join with the students in the rooting and singing.

POST OFFICE PRINT SHOP AT SEATTLE.

Seattle, Wash., Nov. 12.—A print shop is being opened in the basement of the local post office, and Postmaster Edgar Battle has been appointed official printer for the railway mail service of the Pacific Northwest States and Alaska and for the post-offices of Seattle, Spokane, Portland and Tacoma. The government has been having this work done outside, and it was decided to purchase a plant and install it here, to care for the rapidly growing business of this section.

CONDITIONS GREATLY IMPROVED

Washington, Nov. 12.—Mail reports reaching the state department today from Piedras Negras said people arriving there from the interior of Mexico brought word of greatly improved conditions following the recognition of the Carranza de facto government.

TELEGRAPHIC BRIEFS

NEW YORK, Nov. 12.—A quarterly dividend of \$8 a share and an extra dividend of \$7 a share were today declared on the old common and preferred stocks of the Electric Boat company, one of the prominent war stocks. These dividends, for legal reasons, will not be payable until the first week in January.

CHARLES CITY, Nov. 12.—Geo. Wheat and Don Seymour, wanted here on the charge of breaking jail Sept. last, are in jail in Peoria, Ill. Five men were implicated in the jail-breaking, two of which are still at large.

WASHINGTON, Nov. 12.—President Wilson has practically decided to attend the army and navy football game at New York Nov. 27. He attended the game two years ago but was unable to be present last year because of Mrs. Wilson's death.

SEWARD, Alaska, Nov. 12.—Trains on the government's Alaskan Railroad are now running between Anchorage and Eagle river, a distance of 20 miles and between Seward and Mile 34. Lieut. Mears of the Alaska Engineering commission said today that wagon roads already are needed as feeders to the railroad.

SAN FRANCISCO, Nov. 12.—Miss Rhoda Leichter, the young artist who was reported as among the victims of the sinking of the steamship Ancona, is safe and in Rome, according to a telegram received here by her brother, Mark Leichter. The telegram states that Miss Leichter was not on the steamer.

CHICAGO, Nov. 12.—Marvin Hight, Jr., was named general traffic manager of the Chicago and Northwestern Railway today. He is a son of Marvin Hight, former president of the road and now chairman of its board of directors. He has been connected with the system for twenty-three years.

WACO, Tex., Nov. 12.—Socialists of Texas, in session here today, adopted a platform recommending that manufacture or sale of liquor in Texas be made a felony.

CHICAGO, Nov. 12.—Friends of Warren M. Peabody, the 21 year old son of the late Hiram B. Peabody, a millionaire real estate operator, believe that it was despondency over long illness that caused the young man to take his life at his home last night. A bottle of poison was found by his side.

OAKLAND, Cal., Nov. 12.—Reports of state masters, showing a membership growth in every state represented, occupied today's session of the National Grange, patrons of husbandry, in session here. National Master Wilson of Peoria, Illinois, presided.

CHATTANOOGA, Tenn., Nov. 12.—For shipping liquor in casks, a federal grand jury today returned indictments against T. C. Betterton, police commissioner of Chattanooga and General Manager of the Tennessee Coffer and Casket company. He was charged with conspiracy to defraud the government and with shipping liquor without proper branding.

MACDOO SENDS TELEGRAM.

Secretary of the Treasury MacDoo, who was unable to attend, sent a telegram. He urged that the government should provide immediately an adequate naval auxiliary in the form of a merchant marine.

"Profound economic changes will result from the world-wide war now raging," he said. "We must secure our economic as well as our physical safety. The utilization of a naval auxiliary merchant marine in time of peace for the expansion and protection of our foreign trade is of vital importance. The prosperity of the country depends absolutely upon the continued growth of our foreign commerce."

GAS AND INK FIGURE

Los Angeles, Cal., Nov. 12.—Further indications that the defense will attempt to show that some explosive other than dynamite destroyed the Los Angeles Times building five years ago, developed today in the trial of Mathew A. Schmidt for the murder of Charles Hagerty in connection with the dynamiting five years ago of the Los Angeles Times building.

An officer of the company said that it had not been determined whether the fire was of incendiary origin.

ARGUES FOR LARGE MERCHANT MARINE

**Weeks Points Out Country
Pays Foreign Owners
\$300,000,000 Yearly**

WOULD AID INDUSTRY

**Asserts Exportation Would Be
Stopped If It Were Not For
British and French Navies**

THREE SENATORS SPEAK

NEW YORK, Nov. 12.—Assertions that in the event of future foreign wars exportations from the United States virtually would cease and that only the superior British and French navies enable exportation to continue in spite of the present European conflict were made at the meeting of the Academy on Political Science tonight as arguments for the upholding of the American Merchant Marine.

Senators Duncan U. Fletcher of Florida, John W. Weeks, of Massachusetts, and Robert L. Owen of Oklahoma, were the speakers.

Would Increase Employment.

Senator Weeks argued for a large merchant marine. Pointing out that this country now pays to foreign owners of ships \$300,000,000 annually to transport American products abroad. He asserted the creation of a merchant marine by submarines would increase industry in this country and give employment to probably 500,000 workmen. In the event of a great foreign war, he said, an ample merchant marine would be invaluable because it would enable America to continue exporting regardless of the war, whereas now, if it were not for the superior British and French navies, American exportation would be stopped.

"Any governmental operation which places government-owned or controlled ships in competition with privately-owned and operated ships should not be countenanced," he said. "The judgment and experience of experts of all kinds on this subject should be sufficient to deter our taking such a hopelessly fatal step. As the navy needs auxiliaries even more than any other facility, measures taken to increase its efficiency should give first consideration and be influenced by the development of a merchant marine."

Senator Owen said he believed congress should "establish a naval auxiliary merchant marine owned by corporation, the majority stock of which is owned by the government, that this corporation should be in the control of a shipping board, that the most modern ships should be built for this service as speedily as possible; that we should prepare American seamen to man these boats at fair compensation; educate a naval reserve on them; that we should establish with these boats lines of commerce and regular sailings at fair rates between our ports and those of Mexico, Central and South America, and the Orient."

REPLOGLE BUYS LARGE BLOCK OF STEEL STOCK

**PAYS APPROXIMATELY \$15,000,000
FOR 300,000 SHARES OF CAMBRIA**

Started Career When Eleven Years Old As a Waterboy in the Cambria Mills and Rose to Vice-President of the Company.

New York, Nov. 12.—Three hundred thousand shares of stock or thereabouts, in the Cambria Steel company were bought today by J. Leonard Replogle of this city who started his business career when eleven years old as a waterboy at less than \$5 a week in the Cambria Mills at Johnstown, Pa.

Mr. Replogle who is now 38 years old, bid against his old superior officer, William H. Donner, for the block of stock and won it after negotiations in Philadelphia which lasted all day and virtually all night for several days and nights. The stock was sold by the Pennsylvania railroad company, which formerly owned 450,820 shares of the 900,000 issues—a controlling interest in the Cambria company. The capitalization of the Cambria Steel company is authorized at \$50,000,000 but only \$45,000,000 (\$50,000 shares of a \$50 par value) were issued.

Of the railroad's original fifty one per cent holdings of Cambria Steel, Mr. Donner had already acquired about 112,000 shares.

Dr. Donner is president of both the Cambria and Pennsylvania Steel companies.

Three weeks ago Mr. Replogle who resigned as vice-president of the Cambria company March 1st, began negotiations for the purchase of the remaining Cambria stock held by the railroad. During the twenty-seven years he has been with the Cambria company he had risen from waterboy to occupy almost every position successively in line to the vice-presidency. He knew the property thoroughly and wanted it.

In the meantime, however, the Pennsylvania railroad no longer controlling the Cambria company after Mr. Donner had exercised his options, sold some of the stock in the open market, at a time when Cambria was at the crest of its recent rise.

The Cambria property consists of large steel works, mills and blast furnaces at Johnstown, Pa., and extensive iron ore holdings in Michigan. In addition the company operates the Cambria Steamship company and the Manufacturers' Water company of Johnstown.

TWO WIRE TAPPERS ARE CONVICTED IN KANSAS CITY

Kansas City, Mo., Nov. 12.—Joseph Flaherty and James Daniels, charged with obtaining \$5,200 from George Roth of Des Moines by a wire tapping scheme, were convicted in the Kansas City, Kan., circuit court today. The first trial of the men a year ago, resulted in a disagreement.

At the former trial Roth testified concerning his visits to a fake post hall he declared the defendants operated in Kansas City, Kan., but refused to come from Des Moines to appear against the men at this trial.

His testimony taken a year ago was read and a conviction followed a few minutes after the jury retired. Joseph Porter also was arrested with the two men convicted today but the federal government claimed him on a similar charge and he is now serving a sentence in the federal penitentiary at Leavenworth.

TO OUTLINE EMERGENCY "PREPAREDNESS" MESSAGE.

Atlantic, N. J., Nov. 12.—At its closing session here today, the executive commission of the Presbyterian general assembly, the ad interim body of the church, named a committee to outline an emergency message on "preparedness" for extraordinary conditions expected to follow the close of the European war, which is to be sent to 10,000 pastors, President Wilson and 49,000 other elders of the denomination.

ORRIGON LEAVES FOR NOGALES.

Douglas, Ariz., Nov. 12.—General Alvaro Obregon left here today for Nogales in a private car. Villa deserters continue to arrive, both in Douglas and in Agua Prieta, just across the border. General Calles is granting amnesty to prisoners. The deserters usually join the Carranza ranks.

SADDLE AND HARNESS HORSES PREDOMINATE.

New York, Nov. 12.—Saddle and harness horses predominated at the Horse Show today. One of the features was the winning of Mrs. E. T. Statesbury's championship cup for undecked saddle horses not over fifteen hands two inches high by Spectre owned by Mrs. G. H. Chipchase.

CHURCHILL QUILTS; WILL GO TO FRONT

**Explains That He Agrees
With Formation of a
Small War Council**

FORESAW DIFFICULTIES

**Makes No Complaint Because
Scheme to Include Him in
Council Was Changed**

MAJOR IN OXFORD YEOMANRY

LONDON, Nov. 12.—It is officially announced that Winston Spencer Churchill, chancellor of the Duchy of Lancaster, has resigned from the cabinet and will point the army in France.

Mr. Churchill, in his letter of resignation, explains that he agrees in the formation of a small war council and appreciates the intention which Premier Asquith expressed to include him among its members. He foresaw the difficulties the premier would have to face in its composition, he states and he makes no complaint because the scheme was changed but with that change his work in the government naturally closed. He says he could not accept a position of general responsibility for the war without control and did not feel able in times like these to remain in well paid inactivity.

Rumors Current for Some Time.

Rumors had been current for some time that Mr. Churchill would resign his seat in the cabinet and go out on active service at the front. He is a major in the Oxford Yeomanry.

Mr. Churchill was serving as first lord of the admiralty when the war began and filled that office until the formation of the coalition cabinet last May. He took the position of chancellor of the Duchy of Lancaster in the new cabinet. Arthur J. Balfour being made first lord of the admiralty.

AMERICANS ORGANIZE TO RESCUE FELLOW-COUNTRYMEN IN SONORA

NOGALES, Ariz., Nov. 12.—Following the killing here tonight of Manuel Ynigo, a Mexican, by Sidney Simpson, a cattleman, whom Ynigo had accompanied to the border to obtain ransom money, a band of Americans began organizing with the avowed intention of rescuing two Americans held at Sasabo, Sonora, 25 miles southwest of here.

J. H. Haas, a cattle buyer, and another American whose name could not be learned, who have been held for several days by the Mexicans, are the men whom it was planned by the citizens to rescue.

GREY RE-AFFIRMS PLEDGE.

London, Nov. 12.—Re-affirmation of Premier Asquith's pledge regarding the entente allies' terms of peace delivered at the Lord Mayor's banquet Nov. 9th, 1914, was made by Sir Edward Grey, British foreign secretary today, in a written answer to a question put by Sir Arthur Markham, Liberal member of parliament for the Mansfield division of Nottinghamshire.

Quincy is proposing to issue \$100,000 worth of bonds to raise funds for building a new water front and thus bettering shipping conditions by way of the Mississippi. The best thing Jacksonville can do is to improve the conditions of its streets and then join in the work of improving the country roads.

Not all of those who heard Mr. Lewis talk on the needs for a larger navy yesterday agreed fully with him, although there is a widespread sentiment here as elsewhere for more adequate national defense. Everybody is of one mind with the speaker that a plan should be devised whereby every dollar raised for navy enlargement will be honestly and wisely spent. How to accomplish this is another question.

Mr. Taft during the latter part of his presidential term was criticized by many who have since realized what a big man he is. The former president was unfortunate in some of his advisers and as he has said of himself is no politician. But he is a thorough statesman and has a grasp of national problems equalled by few. His views are worth something and when he declares his continued faith in the protective policy as furnishing the only safe business foundation, the opinion has weight. Mr. Taft reaffirmed his well known belief along this line in Chicago Thursday and further gave good reasons for his expectation that the Republican party will again assume national control in the next election.

Will Direct Charity.

A new law is to go into effect very soon in the state of Michigan by which the state board of charities will require solicitors for charitable institutions and projects to obtain licenses before entering upon their work. Even collectors for dinners to be given at Thanksgiving or Christmas or any other time for the poor must secure licenses.

The intent of the law is to do away with a great deal of soliciting which in the past has been done in the name of charity but which in reality has been for the exploitation of some private interest. In individual instances the law may seem to work a hardship but its general effect should be good and the issuance of a certificate will have the effect of giving a charitable enterprise standing in the community from which funds are to be solicited.

Rippling Rhymes By WALT MASON

A LITTLE TRAGEDY.

I jaunted in my motor car, and ran o'er Jimpson's shote, and from that creature knocked the tar; I suerly got its goat I offered payment for the pig—'twas neither large nor fat—but Jimpson made the price too big; I wouldn't

wouldn't stand for that. "The rankest graft I ever saw," I cried with rising ire; "before I'll pay I'll go to law—a lawyer I shall hire." We went to law; the case was tried by judges near and far; and now I see the lawyer ride in my nice motor car. I trudge along on weary feet, all burdened with disgust; the lawyer scoots along the street, and covers me with dust. Old Jimpson had a hundred pigs, that fed on cockleburrs; they've gone to purchase gowns and wigs for stately barristers. We stood last night by my abode, to cuss the legal rick; my lawyer motored down the road, and shoved us in the ditch. For such a dark and dismal shame there's nothing can atone; the car that climbed my palsied frame was formerly my own. Oh, Jimpson had a hundred hogs, and I a choo-choo cart and he has nothing now but dogs, and I a broken heart.

\$500 each this means a total of \$90,000,000 invested in cars in one state. With the totals from other states added to that of Ohio it can be readily seen what a vast portion of the country's wealth is represented in automobiles. There are financiers who attribute the tight money conditions which have prevailed for several years past to the excessive purchase of cars and there is no question but that a great amount of money which formerly went into other channels has been invested in automobiles, during the time mentioned but the fact remains that the automobile can no longer be classed as a luxury, and for many people the ownership of a car is a business proposition and results in saving to them by comparison with the former cost of horse driven vehicles.

In other instances where the time element enters into consideration a man is able to cover so much more territory with the use of a car in the transaction of his business that the larger investment is justified. For farmers the car has meant even more than for city people in a business way as the use of the car has enabled the farmer to connect up his city and country business in a way which would not have been possible a few years ago.

Will Talk Over Market Conditions.

The coming week a meeting of packers, stockmen, commission men and retail provisions will be held in Chicago to confer with government experts on the marketing of livestock and the distribution of the nation's meat supply. An executive of the United States bureau of markets and rural organization called the conference in the hope that a better understanding might be had and the system of supplying demands be studied more closely. The conference may result in some benefit as a discussion of questions of mutual interest to the parties concerned will be helpful, but when the conference is over the fact will remain that the question of price is largely under the control of the great packers.

This is almost an inevitable fact, but without the markets which are maintained thru the demand of the packing concerns, the livestock business of this country would be even the more perilous and hazardous business than it is now. It would be helpful to the stockmen and farmers of the country if there was less fluctuation on the livestock market and when the attention of the packers is called to this variation, their answer is that it is really occasioned by the old law of supply and demand. This is true in a measure, while it is admitted that the packers have so much influence on the market that they quite frequently shape conditions to meet their own needs. There is really no more basis for the expectation that the livestock market will get into a condition of perpetual certainty than there is that this condition will apply to the grain, stocks or general provision markets.

BETTER FIRE PROTECTION AT SCHOOL FOR BLIND.

A line of water mains from the northwest corner of the grounds of a point two hundred feet west of the east gate, is designed to furnish much better facilities for fighting fire at the Illinois school for the blind than have heretofore been available. From a thousand to eleven hundred feet of pipe is being laid, extending just north of the main buildings, south of the hospital building and directly east. One hydrant will stand at the entrance of the grounds and three will be located at intervals within.

WIFE OF CELEBRATED AMERICAN COMPOSER APPEARS AT I. W. C.

Piano Recital of MacDowell Music and Lecture on the MacDowell Memorial Association Last Night at Woman's College.

It was a well pleased audience which listened to the recital-concert Friday night in Music hall at Illinois woman's college and at the conclusion of a program from the work of one of the nation's foremost composers, came away with unforgettable memory of a performance in which the sympathy and companionship of year's of association with the gifted artistic genius was combined with an easy grace and great natural interpretive power on the part of the pianist which made of the program of MacDowell music an event of rare enjoyment to the many students and men and women of musical discrimination from the city at large who attended. In the talk which preceded the program, Mrs. MacDowell told of the life and work of her husband, Edward MacDowell, and explained the purpose of the memorial with which lovers of music of generous mind have sought to honor his name.

After the program members of Illinois Woman's college faculty gave an informal reception for Mrs. MacDowell in the studio of Mrs. Florence Pierson Hartmann.

The MacDowell Memorial. In "Deep Woods" on his farm at Peterborough, N. H., Mr. MacDowell built a log cabin it was explained by the performer of the evening. Surrounded by enormous pines, it faces, thru a lovely vista, Monadnock and the "Setting Sun." Here came into existence all the MacDowell music written within the last five or six years of his working life—the Norse and Celtic Sonatas, the New England Idyls and Fireside Tales, and many songs and choruses.

Mr. MacDowell's surroundings were a source of endless inspiration, and he realized keenly how much this isolated quiet meant in his own development and, equally keenly, how much such environment might mean to others less fortunate. In his university experience, he often met students struggling with the material problem of life; and altho sometimes, it was not so difficult for them to achieve the hall bed room and sufficient food to keep alive the body, the mind suffered from a lack of those stimulating conditions which are so necessary for any form of imaginative work. There came to Mr. MacDowell the slowly evolved hope that when he might no longer be alive to use the Peterborough home it might serve to help others.

The death of the composer after a long illness put an end to this plan for the time, but the MacDowell memorial association was formed by admirers of his music to take up this work and to carry it on to a successful completion. Mrs. MacDowell gave what she could to the association which has since received many gifts, in the form both of money and of additional buildings. The project at present is not sufficiently developed to meet expenses and all the profits from Mrs. MacDowell's concerts go to paying off the deficit which accrues each year and increasing the size and comfort of the accommodations at Peterborough. An increasingly large number of American composers go there summer after summer, finding needed stimulus in the simple life, congenial companionship and beautiful surroundings of the farm in New Hampshire. MacDowell's ideal is slowly but surely being fulfilled and by few audiences has the wife of the composer been better received than by the appreciative company of Jacksonville lovers of music which assembled in recital hall last evening.

The Program.
A short talk on the work of the MacDowell Memorial association by the composer's wife was followed by the following program.

Sea Pieces, Op. 55:
"To the Sea."
"From a Wandering Isberg."
"A. D. 1620."

FIRE FRIDAY AFTERNOON.

The fire department was called to a double house on East College street owned by David Claus and occupied by C. L. Howard and family and Miss Hillis. Fire had started in the roof from a spark from the chimney. The blaze was extinguished with chemical and no damage was done to the contents of the building. Chief Huxell said that the blaze had started in the gutter from leaves that had lodged there.

SOCIAL EVENTS

Surprise Party for Mr. and Mrs. Virgil Edwards.
Mr. and Mrs. Virgil Edwards, who were recently married were given a very pleasant surprise Thursday evening. A goodly number of their friends desired to manifest friendship and good will in something more than words so they conceived the idea of a kitchen rush. To think was to act so they armed themselves with all sorts of useful household articles and filled their baskets with good things to eat and descended on the unsuspecting pair who were taken wholly by surprise but accepted the situation with becoming grace and dignity as well as hearty appreciation of the generous kindness manifested. The evening was pleasantly spent in music, sociability and enjoying the good things brought by the self invited guests who departed at a late hour expressing many good wishes for Mr. and Mrs. Edwards and receiving many heartfelt thanks for their kindness.
R. A. Gayson of the vicinity of Winchester was among the business men in the city yesterday.
John Claywell of Scott county was attending to business affairs in the city yesterday.

Cllo Circle Have Parcel Post Sale.
Members of the Cllo circle of Litterberry Christian church gave a successful parcel post sale Thursday evening in the parlors of the church. Fancy work articles, made by the members, were sold at auction, with E. J. Henderson as auctioneer. In connection with the sale, delicious luncheon was served in cafeteria style.
Ninety dollars was cleared for the treasury of the circle.

Reception Friday for Mr. and Mrs. Deitrick.
More than a hundred friends joined Friday evening from 7:30 to 10:30 o'clock in a pleasing reception for Mr. and Mrs. Daniel Deitrick, who were recently married. Mrs. Deitrick was Miss Esther Jennie Brown. The event was held at the home of Mr. and Mrs. George Deitrick, parents of the groom, and in the receiving line with the couple stood the host and hostess and Mr. and Mrs. George Brown, parents of the bride. Pink and white chrysanthemums were used in the decoration of the rooms. A bounteous luncheon was served.

Annual Meeting of Sorosis.
The annual open meeting of Sorosis was held Friday afternoon with the Misses Dummer at their home on West College avenue. Dr. Josephine Milligan gave an address with "The Present Tuberculosis Situation" as her theme. Dr. Milligan is thoroughly familiar with the great progress made during recent years in the fight against tuberculosis and has also devoted special attention to the study of the disease. Her address therefore was based upon extensive knowledge of the subject and the members of Sorosis and their guests found it exceptionally interesting. The hostess served refreshments following the program.

Rebekah Lodge No. 13 Holds Meeting.
Rebekah Lodge No. 13 at their regular meeting held last night when Miss Ethel Bishop and Mrs. Pearl D. Cook were initiated into the mysteries of the organization. At the close of the meeting a social hour was spent and refreshments were served. The committee on refreshments consisted of Otis Erney, chairman, Mr. and Mrs. W. Brown, Miss Mabel Berry, Miss Nina Mahoney, Robert Lucas and Clark Rothwell.

MONMOUTH AND LOMBARD TIE

COLLEGE ELEVEN'S BATTLE FOR 6 TO 6 SCORE.

Winners of the "Little Five" Conference Was Unable to Vanquish Galesburg School—Illinois College Looks Up for State Honors.

Monmouth, Ill., Nov. 12.—Playing old style football, the football eleven of Monmouth College and Lombard College battled to a six to six tie here this afternoon. Lombard scored in the first quarter on line plunges and French, local quarterback, made the Monmouth touch-down in the second period, running thru a broken field after receiving a punt.

The outcome of the game yesterday at Monmouth will have great weight as to the standing of Illinois college among the teams of the state and the Jacksonville school now looks the part not only the winner of the "Little Sixteen" conference, but having the edge on the championship of Illinois.

Lombard met Illinois college here the first game of the season and was defeated by a score of 14 to 7. After Illinois college won the championship of this conference, following in the wake of Monmouth's victory of 27 to 0 over Lake Forest, thus claiming the championship of the "Little Five", Coach Harmon sent a challenge to Monmouth for a game to decide, who should be the champion for the state of Illinois.

The fact that Monmouth was unable to bring home the bacon against Lombard, puts Illinois in the lead over the Monmouth school, considering Illinois defeat to Lombard. However, there is a lot of presumption in the case of Monmouth. Just where that school claims any honors of the "Little Five" is hard to figure out. The only team they defeated of their class was Lake Forest. They didn't play Knox, who disbanded football on account of the death of Scott. Most of Monmouth's games have been outside of Illinois. Up to the present time Monmouth has not acted on Illinois challenge, and it is probable that the outcome of the game with Lombard yesterday will have considerable weight on an agreement between the two schools. It had been the gossip over the circuit that Monmouth would play here Thanksgiving day.

Off for Lincoln.

Coach Harmon will take his first team via rail today for the Lincoln game and second string men are expected to go in automobiles. A number of the fans are planning to go over to see the contest and to enjoy the first touch of late fall weather.

LAD BOUND OUT TO FARMER FOR TERM OF YEARS

Unusual Document Placed on Record in Madison County.

An indenture which savors of the days, gone forty or fifty years was filed recently in Madison. By the terms of this document which now seems very unusual a boy of eleven years is bound out for a term of years to a farmer and his wife. When the lad becomes sixteen years of age the persons who have adopted him agree to give him a Bible, two suits of clothes and twenty dollars. The document is worth reading. It conforms to the apprentice act of the state constitution. An exchange gives the details.

"The agreement is made for a period of four years, four months and twenty days, expiring on March 30, 1920, when the boy will be 16 years old. After that age, under the Illinois law, a child cannot be bound out."

"The mother of the boy is dead. Two of her children have been adopted and two others are in an orphanage. Public Administrator H. G. Gerke of Edwardsville has been guardian and gave his consent."

"The boy agrees to serve Mr. and Mrs. Bress, "keep his and her secrets, and obey his and her lawful commands, and that he will not inordinately embezzle or waste the goods of his masters nor lend them without their consent; that he will not play at cards, dice and unlawful games, that he will not contract matrimony, or haunt or frequent groceries, tipping houses or places of gaming."

"The couple agree to educate the boy in the art of agriculture, teach or cause to be taught within said term to read, write and the ground rules of arithmetic, find and allow meat, drink, washing, lodging and apparel, both line and woolen and all other things necessary in sickness and health."

"The boy is to be repaid for his services, according to the agreement. A provision says, "at the expiration of said term of service will give unto the said Adelbert Daluege a new Bible, two new suits of clothing suitable to his condition in life and pay unto him \$20 in money."

DR. W. C. DAY IS SERIOUSLY ILL AT HOME IN WHITE HALL

For Many Years Was a Prominent Physician of Winchester.—Other Scott County News.

Dr. W. C. Day, a veteran physician of Winchester, but for the past few years has been residing in White Hall is reported seriously ill. His son, Dr. L. R. Day, was summoned to his bedside yesterday. Dr. J. A. Day of Jacksonville is also another son.

She illustrated her lecture with stereopticon views and the large audience greatly appreciated her address. Refreshments were served after the lecture.

EDWARD L. LAX HAS NEW POSITION WITH BELL COMPANY

Edward L. Lax, who began his telephone work here in Jacksonville in 1883 has just been made manager of the Central Union Telephone Co's plants in Edwardsville, Collinsville and Highland. Mr. Lax is ranked as a successful telephone man and his new position is indicative of the esteem in which the company holds him. The Edwardsville Intelligencer had the following notice of the appointment:

"Edward L. Lax, of Edwardsville, has been made manager of the Central Union Telephone Company's plants in Edwardsville, Collinsville and Highland. He will have direct supervision of the interests of the company in these cities."

"The change just effected is in line with the policy of efficiency, which has enabled the Bell system to attain such a high standard. A centralization of management, with a competent supervising head will, it is believed, result in greater uniformity and improve service all around."

"The Edwardsville exchange has 1300 phones, that at Collinsville 460 and that at Highland 94. The great showing made by the Edwardsville business is due to Mr. and Mrs. Lax, who have in their seventeen years of management put the local exchange in the front rank in cities of this class. There are few offices in the country which check up as well in each department of endeavor."

"Mr. Lax knows every angle of the

telephone business, both inside and out, and his directive efforts will be welcomed in all three of the communities affected by the change."

PEORIA HIGH COMES FOR GAME THIS AFTERNOON

Northern Team Will Invade Illinois Field at 2 O'Clock to Decide Football Superiority.

Jacksonville High school football team had a light practice last night in preparation for the game this afternoon at 2 o'clock against Peoria high. Jacksonville hopes to win the game and is going to put up the best battle thus far this season. The lads have the fight and they intend to show the "home folks" what they can do despite the obstacles that they have met with this season. The weather is idea for the sport and a good crowd is expected.

The Peoria Star of last night in speaking of the Peoria team says:

"The Peoria High football team is prepared and waiting for their game tomorrow, when they will meet the Jacksonville High school eleven at Jacksonville. Manual will have to rest until next Saturday, as their game for this week was called off. The Kewanee school cancelled their game with Manual in the middle of the week, which left the south siders only a couple of days to find a substitute and this brief space of time proved too short to arrange another bout."

The Central High squad will leave for Jacksonville tomorrow without the services of several of their stars. The old man "hard luck" has invaded the P. H. S. camp during the past week and wrought havoc with Hi Montbomery's lineup. His star fullback, "Dip" Wendell, received a sprained ankle in last week's game against Decatur, and as the result he is walking around on crutches. It is doubtful whether Wendell will round into shape for the big game on Thanksgiving with the Manual bunch.

Another valuable man who is laid up is Whitney, the classy P. H. S. left end, for he received a wrenched back and is being detained in bed. Whitney's absence will be keenly felt on the left side of the line, for he was a bear on the defense as well as at catching the forward pass. Big Jim Thoman, tackle, is also on the hospital list, as he possesses a broken finger that will keep him out of this week's battle. The absence of Thoman's muck in the lineup will be another weakening of the left side of the line.

With the above mentioned string of "sideliners" Coach Montgomery will lead his team to Jacksonville, still hoping to better the Asylum City lads in the little argument upon the gridiron tomorrow afternoon.

Jacksonville's Lineup.
Right end—Flerke.
Right tackle—Robinson.
Right guard—Cully.
Center—Sorrells.
Left guard—Arter.
Left tackle—King.
Left end—Reeve.
Q. B.—Molomon, Smith.
R. H. B.—Homer Reynolds.
L. H. B.—Howard Reynolds or Sandberg.
Full back—Herring.
John Larson is expected to referee the game.

REPORTS ON COUNTY FARM AND JAIL

GRAND JURY TELLS OF FINDINGS IN COURT.

Recommendation of Improvement of Lighting and Water Systems Made—Indictments of Jury Will Not be Known for Several Days.

The grand jury for the November term of the circuit court made its report to Judge Jones Thursday afternoon. The work done by the jury in the matter of indictments will not be known for several days probably as entries must be made on the court docket and warrants issued and served. In discharging the jury Judge Jones thanked members for their attention to duty and the manner in which the business of the body was carried out. The reports on the county farm and county jail are herewith given. As in the past the grand jury carried out the time honored custom of recommending the improvement of the lighting and water systems of the farm. The reports follow:

County Farm Report.

We, the committee appointed to visit and inspect the county farm beg to submit the following:

"In accordance with a long established custom we spent the day, Nov. 11, on a tour of inspection. We found everything in good shape, much having been done recently in the way of repairs and improvements. The farm machinery is all properly housed and in good shape. The hay barn was well filled with hay and straw. The stables and all other out-buildings were in good repair. Superintendent Todd's report disclosed the following live stock on hand:

Ten head of milch cows.
One Bull.
Two dry cows on feed.
Twenty five yearling steers.
One span of work mules.
One pair of bay mares 5 years old.
One pair of driving horses.
One pair of work horses.
Two weanling colts very fine.

Hogs.
142 head on feed average weight, 200 pounds.
22 brood sows.
Two male hogs.
Twelve sucking pigs.

Grain.
About 280 bushels of wheat in bin. Four hundred and eighty bushels of oats in bin.
Twenty-five tons of hay.
Ten tons of straw.

"We found seventy acres of corn of a probable average of 60 bushels to the acre and also 18 acres of growing wheat. After a most sumptuous dinner ably presided over by the wife of the superintendent, the matter of the care of the inmates was taken up. We found twenty male and five female inmates are very much advanced in years and well taken care of."

"The cellar was laden with apples, there being about 150 bushels and 350 bushels of potatoes. Other vegetables in large quantities were produced. It is probably well known to many tax payers that the water and lighting systems of the county farm have always been poor. And while we something should be done along this line will probably not avail much we cannot refrain from suggesting that if the county's poor are to be cared for as at present, for many years, something should be done along this line, both as a matter of economy and safety and we feel that with parties on hand at present this could be done without incurring a great deal of extra expense. Probably not to exceed a thousand or fifteen hundred dollars. By way of further improvements Superintendent Todd reports water supply in the building of a large the construction of a lasting stock pond with concrete walls and abutments in which he justly takes great pride. We desire to say in conclusion that we believe the commissioners made no mistake in the appointment of Mr. Todd.

County Jail Report.
Being delegated to investigate the conditions at the county jail we, the committee desire to make the following report:

"In our rounds we saw nothing but what would reflect credit upon those in charge, as to cleanliness, order and discipline. We found incarcerated there for various misdemeanors, fifteen male prisoners, ranging in age from 18 years to 52 years, five being under 21, also one female being held on a bootlegging charge, all of whom gave evidence of being well fed and properly cared for. In view of a recent jail delivery and others that have happened in recent years, it would appear to your committee from the facts obtained, that the fault was not with these in charge, but due to the fact that the prisoners when allowed the use of the corridor around the cells in the new addition for exercise have been able by dislodging a single brick to soon get a means of escape and also thru the thin metal ceiling over the cells.

We, therefore, think it would be a good idea to insure the safe-keeping prisoners that the end and side walls and ceiling of the new part be lined with heavy steel plates. But we also believe and strongly endorse the some workhouse plan by which the prisoners could be put to work and made to pay their own way. This would also be of inestimable value

Some Topics of the Farm

Pasturing Alfalfa.

An Iowa subscriber of Wallace's Farmer writes:
"I have about fifteen acres of alfalfa that was not cut for hay the third time. It stands about twelve inches high. I wish to get some good use of this in the way of pasturing about thirty head of yearling steers, but I am afraid of bloat. I would like to know what you think about it."

The danger of bloat from pasturing alfalfa seems to be no greater, if as great, as from pasturing clover. At this season of the year, we regard the danger of bloat as very slight. If our subscriber will fill up his steers before turning them on the alfalfa, and will take some pains to get them accustomed to it gradually, we would not anticipate much trouble from bloat. He should fill them up in the morning with other hay, turn them in after the sun has dried off the alfalfa, leave them in for half an hour to an hour, and turn them out again. The next day, leave them in for a longer time, and thus gradually accustom them to the alfalfa.

We advise him not to pasture this field down closely. He can get considerable benefit from this pasture, but should not permit it to be eaten down so closely that it will have no winter protection.

Much in Alfalfa.

A news item in the Philadelphia North American says:

"A factory for the manufacture of human foods from alfalfa may be opened in Warsaw. Long years of experimenting have proved that alfalfa has valuable food and medicinal properties for humans as well as for animals. These experiments have resulted in the perfecting of a process by which alfalfa may be converted into human articles produced from alfalfa are flour, coffee, tea, sirup, candy, tobacco, breakfast food, stock foods, axle grease and many other articles in everyday use."

J. M. Carwell residing a few miles northeast of the city is a man who especially believes in maintaining the fertility of the soil. He takes great care not to overdo his land in any way, never has more than three crops of corn on a field in succession and during that time gets all the fertilizing possible. He carefully saves and distributes all manure and when he raises a crop of corn he generally cuts it and puts the fodder back on the land and in this way gets good pay for his work. This year he has thirty acres of corn and he prefers the Boone County White entirely. He has a twenty-acre field, first year out of clover and it will yield ninety bushels to the acre. Another field of ten acres not in such good condition, will yield about fifty bushels to the acre.

ADMINISTRATOR'S NOTICE.
Estate of Catherine Cary, deceased. The undersigned, having been appointed Administrator of the estate of Catherine Cary, late of the County of Morgan and state of Illinois, hereby gives notice that he will appear before the County Court of Morgan County, at the Court House in Jacksonville, at the January, term, on the first Monday in January, next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned. Dated this 4th day of November A. D. 1915.

Martin Cary
Administrator.

He planted his present crop the last of April. He believes in deep plowing and shallow cultivation. If the land is cloddy he runs a disc over it and then smooth harrows it and if the land is especially dry he may roll it also. When the corn is first up and small he goes over it two or three times with a rotary hoe which he thinks is better than a weeder as it cleans the ground quite well and helps get ahead of the weeds. He then cultivates three or four times with a cultivator and believes in shallow cultivation that will stir the top of the ground and keep it moist and at the same time not disturb the roots of the corn. In this way he gets the best results and surely ninety bushels to the acre tells a pretty good story.

J. A. Lester has begun farming on the land owned by Judson Boston some six or seven miles east of the city. This is his first year and he has a pretty good showing to make. He seems to have good ideas about farming and if he remains on the place he will doubtless bring it up and make success of his business. He prefers the Boone County White corn entirely and thinks it the most profitable kind to raise. It is a good crop to yield, feeds well and in general satisfies best conditions. He believes in thorough cultivation and after the corn is planted he harrows it twice and thus gets ahead of the small weeds and makes the ground ready for the cultivators.

He cultivates both ways and thinks shallow cultivation best as it doesn't disturb the small roots and enables the corn to get the best benefit of the ground. His crop is yielding seventy bushels to the acre of a very good sample and for the first year Mr. Lester feels much encouraged.

Mr. Lester relies for stock mainly on hogs and prefers the old reliable Poland-Chinas for best results. He had a Poland-China sow which he crossed with a Duroc or Jersey Red and the pigs proved all right. The half breed pigs he mentioned are now some ten months old and will weigh well high 300 pounds each. He aims to have his pigs come in March and September and doesn't do much with any kind of feed except what he produces himself. Grass and corn are his main stay and so far his hogs have had no cholera. He has a unique dose he gives them and has found it effective. About once a month he takes two table-spoonsful of Lewis Iye and mixes it with three gallons of slop and gives it to twenty hogs. He regards this is a valuable dose for hogs doing away with worms and tending to keep them healthy. He generally gets his hogs ready for market when they are about ten months old and has them weight 225 to 250 pounds each.

LAST HIKE AT "Y" TODAY.

Junior A and B boys at the Y. M. C. A. will meet at the association this morning for the last hike of the season. Each boy is requested to bring a tin cup, four cents and materials for lunch and each will be given opportunity to try his hand at camp cooking. Football and baseball will be among the amusements of the day. Mr. Brewer, the physical director, picked out a good camping spot a few days ago and the destination of the boys on their departure will be a secret.

DUN'S STATES ECONOMIC POSITION STEADILY GAINS IN STRENGTH

Seldom, if Ever, Has the Situation so Favored Expansion.

New York, Nov. 12.—Dun's Review tomorrow will say:

"In spite of the rapidity of the movement there is no slackening of the advance that foreshadows the greatest commercial development in the history of the country. Following many months of gradual recovery and adjustment to new conditions, progress has come with such a rush that reaction is feared in some quarters; yet the economic position steadily gains in strength and seldom if ever has the situation so favored continued expansion. Business is no longer wholly dependent upon the war demands, the bumper crops, the widespread increase in production, in the working force and in the power of the people to purchase having established the basis for an era of unexampled prosperity. There is, moreover, the further and highly significant influence of abundant supplies of money for all legitimate purposes, while the arrangements for supplementary foreign credits augur well for the maintenance of the phenomenal movements in overseas commerce. Just how fully trade and industry have resumed to the unusual array of stimulating factors is clearly reflected in the statistical gauges that always tell which way the current is flowing. Some of these, such as the figures of merchandise exports, pig-iron output, bank clearings and railroad earnings, bring to light achievements without precedent and to the list of remarkable attainments have been added those of unfilled steel tonnage and commodity prices.

MISSOURI STATE AUDITOR FACES TRIAL.

Jefferson City, Mo., Nov. 12.—State Auditor John P. Gordon, will appear in circuit court on Monday to answer to charges brought against him by Prosecuting Attorney David Peters, that Gordon illegally issued warrants to cover \$404,111, the expenses of himself and his son, Morris G. Gordon, supervisor of building and loans, in attending conventions of officials at Salt Lake City and San Francisco. There is no controversy as to the facts. The auditor claims that he was fully authorized by law to issue these warrants, but the prosecutor takes the contrary view. Auditor Gordon has given bonds for his appearance, and he has promised a fight to the finish. Democrats and Republicans alike signed the bond which Sheriff Goodin holds for the appearance of the state auditor to answer the charge.

CHICAGO CLASHES WITH MINNESOTA TODAY

WISCONSIN AND ILLINOIS WILL STRUGGLE AT CHAMPAIGN.

Annual Battle Between Cornhuskers and Jayhawkers Will Be Fought at Lawrence—History Making Contests Are Set for Eastern Gridirons.

Chicago, Nov. 12.—The results of two games on tomorrow's football schedule ought to go far toward clearing the muddle involving the conference championship, while a third should settle the year's honors in the Missouri Valley. With a clear record of victories, Chicago clashes with Minnesota in the most important of the big nine games while Wisconsin and Illinois will struggle at Champaign.

At Lawrence the annual battle between Cornhuskers and Jayhawkers will be fought.

The schedule includes:
Chicago vs. Minnesota.
Wisconsin vs. Illinois.
Nebraska vs. Kansas.
Notre Dame vs. Creighton.
Drake vs. Missouri.
Oklahoma vs. Arkansas.
Washington vs. St. Louis.
Ames vs. Iowa.
Indiana vs. Northwestern.
Purdue vs. Kentucky.
Cornell vs. Ohio State.
Wittenburg vs. Cincinnati.
Case vs. Wooster.
Mount Union vs. Western Reserve.
Miami vs. Ohio University.
Rose Poly vs. DePauw.
Wabash vs. Earlham.
Hillsdale vs. Adrian.
Alma vs. Oberlin.
Marquette vs. Detroit.
Kippon vs. Lawrence.

Despite Chicago's clear record and the tie with Illinois that makes Minnesota's the Gophers generally are considered to have the better chance.

For Wisconsin tomorrow's battle with the Illini will be one in the last ditch. The Badgers' only hope for recognition when the championship laurels are awarded lies in the chance of a win from the Champaign eleven, for in that event there may be such upsets in the remaining games that their rivals could boast no better record than the cardinal. For the first time since the beginning of the season the Illini hope to have their full strength in the game and with the coming of news that Pogue will once more perform in the Orange and Blue Coach Zuppke's men have been made favorites.

History Making Battles in East.
New York, Nov. 12.—History-making contests are set for eastern gridirons tomorrow. In several cases it will be the final opportunity for competing eleven to fix their status for the season of 1915. New Haven will be the mecca of the football faithful while the Princeton Tiger is generally favored to defeat the Yale Bull Dog, interest in the contest is keen since many look for a sensational last-throw stand on the part of the blue. To a great extent however, the wish is father to the thought for there is nothing in the record of these recent Yale eleven to indicate that it will be able to overthrow its rival from Princeton.

With the exception of the check administered by Harvard, the Nassau team has triumphed over all the combinations faced this fall and many of these were teams of more than ordinary football prowess. Yale, on the other hand, has fallen an easy prey for college eleven which in past years were hardly able to furnish the Ellis with warning up exercise.

Considered solely on the showing made to date by the rival eleven, Princeton should rank an overwhelming favorite. The Tigers have demonstrated that they possess a stronger offense and defense than anything Yale has exhibited this fall.

It is generally believed that Princeton did not uncover the full power of its attack in the game with Harvard. One report states that the Tigers have more than twenty varieties of the forward pass which they will use against Yale. A slow, wet gridiron would greatly hamper the fast overland attack of Princeton.

The leading games in the east tomorrow are as follows:
Princeton at Yale.
Brown at Harvard.
Michigan at Pennsylvania.
Washington and Lee at Cornell.
Colgate at Syracuse.
Maine at Army.
Colby at Navy.
Amherst at Williams.
Bates at Dartmouth.
Dickinson at Carleton.
Penn State at Lafayette.
Wesleyan at New York University.
Villanova at Swarthmore.
Washington and Jefferson at West Virginia Wesleyan.
Carnegie at Pittsburgh.
North Carolina A. & M. at Georgetown.
Rutgers vs. All-Stars.
Andover at Exeter.

PROTEST AGAINST CENSORSHIP.
Berne, via Paris, Nov. 11.—The Swiss government is making representations in certain belligerent countries against interference by censorship with mail from Switzerland to neutral countries and particularly to the United States.

CRITICISE ACTION OF DELEGATES.
Pittsburgh, Pa., Nov. 11.—Criticism of the action of delegates in endorsing woman suffrage at an earlier session marked the close of the thirty-first annual meeting of the Unitarian conference of the middle states and Canada here late today.

COLUMBIA'S EIGHT-OAR CREW WINS A HOLLOW VICTORY FROM YALE

Coombe, in the Blue Shell, Collapses at the Mile and a Quarter Mark—Morningside Boat Wins by Seven Lengths.

New Haven, Conn., Nov. 12.—Columbia's eight-oar crew won a hollow victory from Yale on the harbor today when Coombe, No. 7, in the blue shell collapsed at the mile and one-quarter mark and the morningside boat paddled over the line seven lengths in the lead. The course was one and seven-eighths miles and the official time of the winner was 10:48 1-2.

Yale's time was 11:20. Except for the first few boat lengths Columbia held the lead throughout and at the time of Coombe's collapse was about a quarter of a length ahead. Columbia's stroke averaged 36 and Yale's 35. Although both crews rowed raggedly at times, Columbia showed the better form and obtained more power out of her sprinting stroke. Water conditions were perfect the harbor course being flat in the absence of any wind.

It was the first time since 1875 that the crews of Columbia and Yale have met in a dual race.

The crews were seated as follows:
Columbia. Position Yale.

STEEL INDEPENDENTS FIGHT FOR BETTER RATES.

Washington, Nov. 12.—The independent steel interests of the Pittsburgh district will be given a hearing today by the Interstate Commerce Commission on the application of railroads operating from Chicago to the Pacific Coast for authority to publish a rate of 55 cents from Pittsburgh to the Coast.

The granting of such a rate would place Pittsburgh on an equal basis with Chicago, from which point the rival steel interests are now getting an advantage in rates to the coast.

For over 25 years and until recently, Pittsburgh and Chicago enjoyed identical freight rates to the Pacific Coast. Since the shift in rates the western railroads have been losing much of the Pittsburgh cargo, which has been diverted to ocean routes.

The Pittsburgh independents will be represented by F. A. Ogden, general freight agent of the Jones & Loughlin Steel Co., who has been vigorously working to effect a reversal to former rate conditions ever since Chicago shippers were given the advantage.

YALE AND COLUMBIA CREWS CLASH.

New Haven, Conn., Nov. 12.—For the first time since their six-oar shells raced on Lake Caratoga in 1875, crews representing Yale and Columbia clash on the water today. Eight-oared crews will pull their rival shells over a course of one mile and seven-eighths in New Haven harbor. Capt. Seth Low, 2nd, of Yale, has arranged the race, for the New York collegians are the only big crew in the East not defeated by the Ellis this year.

Columbia has sent over a goodly sprinkling of students and alumni, and the race will be watched from steamers chartered for the occasion. The Yale Navy will anchor its two chartered steamers near the finish so that the spectators may view the course from Long Wharf to Light-house Point.

CHARGE BREWERS BOUGHT NEGRO VOTES AT ELECTION

State of Texas Will Try to Collect From Seven Breweries—\$21,749.70 the Maximum Penalties.

Austin, Texas, Nov. 12.—The postponed hearing of the anti-trust suit of the State of Texas against seven breweries, in which a fine of \$21,749.70, is sought together with the forfeiture of their charters, will begin next Monday. The main interest in the big suit is whether August A. Busch and six other witnesses, demanded by the State, will be produced when the hearing begins. The defendants have declared that they were unable to produce these witnesses. Failure to do so without showing reason is sufficient basis for the annulling of the charters of the Texas brewers and their permits to do business in this State, the officials declare.

That a brewery lobby has been operating in congress, and that a fund of \$19,000,000 has been raised by the United States Brewers association in the last five years for anti-prohibition work, were allegations made by Attorney General B. F. Looney, in the suit which he filed last January against the seven leading breweries of Texas. He asked for maximum penalties of \$21,749.70 and the forfeiture of charters, because, he alleged, they paid the poll taxes of anti-prohibition voters and spent corporate funds influencing elections and liquor legislation in violation of their charters and franchises.

One of the principal exhibits in the case is a letter, dated October 19, 1905, at Paris, purporting to be from the late Adolphus Busch of St. Louis, to Zane Cetti of Fort Worth, which said in part: "We must pay over to the United States Brewers' association whatever it may require to represent us properly before congress, where we have most important bills to defend. We must defeat that Hepburn-Dolliver bill, which is most dangerous and antagonistic to our industry and which makes prohibition possible."

In the past dozen years, the Texas brewers taxed themselves more than a million dollars for political activities, the petition stated. Buying negro votes was specifically charged. Correspondence on the subject of paying their poll taxes was submitted with the petition.

The filing of the suit last January was the climax of an investigation which the attorney general of Texas had been conducting for two years into the alleged activity of the U. S. Brewers' association and its subsidiaries in politics and legislation of the State and nation. The defendants named are the Galveston Brewing company, American Brewing association of Houston, Lone Star Brewing association, Dallas Brewery and Texas Brewing company of Fort Worth.

The petition alleges that the U. S. Brewers' association, through its connection with the National Association of Commerce and Labor, attempted to influence legislation, both state and national. Regarding the nineteen million dollar fund, it alleges that "the major portion of all such funds

have been used and will continue to be used by such association and its members, including defendants, for the purpose of attempting to influence, state and national, the result of elections, with respect to both men and measures."

TO KEEP CAREFUL WATCH ON LOBBYISTS DURING SESSION

WASHINGTON, Nov. 11.—Careful watch will be kept on lobbyist during the coming session of congress, according to Senator Overman, chairman of the senate's special lobby committee.

Mr. Overman said today: "The special lobby committee will be kept alive for the purpose of inquiring into any insidious lobbying that may be attempted during the next session as the result of problems growing out of the European war." He mentioned proposals to prohibit the sale of war munitions to belligerents and the national defense program as issues likely to draw all sorts of outside pressure upon members of congress.

Guy and Howard McFadden of North Prairie were in the city Friday, attending to business matters and visiting relatives.

ANNOUNCEMENT OF RECORD BREAKING EXPORTS LIFT WHEAT

Close, Altho Nervous, Shows a Net Advance—Other Leading Staples Score Gains.

Chicago, Nov. 12.—Announcement of record breaking exports had a great deal to do toward lifting the wheat market today after an early decline. The close, altho nervous was 1/2c to 3/4c net higher with December at \$1.04 1/2 @ 1.04 1/4 and May at \$1.05 1/2.

Other leading staples, too, all scored gains. Corn 1/2c to 1 1/4c; oats, 1/2c to 3/4c and provisions, 7 1/2 to 15c. Exports of wheat and flour from North America for the week reached the huge total of 12,875,000 bushels, an amount never before equaled. The total was made up of 11,300,000 bushels of wheat and 1,575,000 bushels of flour. The total for the week was 11,300,000 bushels of wheat and 1,575,000 bushels of flour. The total for the week was 11,300,000 bushels of wheat and 1,575,000 bushels of flour.

Decidedly brisker dealings in domestic wheat for ocean shipment were reported than has recently been the case. On the other hand fine weather and liberal receipts gave an advantage to the bears especially during the first half of the day, despite predictions that Northwestern arrivals next week would fall off to a notable extent owing to farmers holding back.

Buying, which was attributed to the seaboard had a bullish influence on corn. Besides, husking returns from Illinois and Iowa, proved disappointing to the bears. At first, however, the market tended to sag as a result of good weather. Oats reflected the action of corn and wheat. Evidence of export demand continued. Provisions went higher with hogs and grain. Packers led and buying.

Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons.

In this bringing relief and avoiding pain great good is accomplished. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delighted to tell how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly.

It is certainly a most helpful inducement for its effect in avoiding all unnecessary pain, enabling the muscles to expand gently and to relax naturally when baby arrives. Strictly an external application it has no other effect than to ease the muscles, cords, tendons and ligaments involved hence is perfectly safe to use by all women. It is used very successfully to prevent cramping of breasts.

"Mother's Friend" is prepared in the laboratory of Bradford Regulator Co., 504 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

Dunlap BuildingEAST LIBERTY SCHOOL
INTERESTING RURAL TEMPLEBuilding Has Good Location and
School is Taught by Miss Mariam
Kenyon.

Among the interesting rural temples of learning is East Liberty school about two miles southwest of Orleans near the residence of F. E. Drury and the S. C. Stevenson home. It is a beautiful building situated near a forest of virgin growth and fronts a fine prairie of magnificent proportions and bears the marks of prosperity. Not long since fire did some damage to the interior, but it was quickly repaired and now the room looks better than before. The lot is hardly as large as that possessed by some school buildings the children would hardly be considered cramped for room in which to play and take exercise. There are enough trees for good shade and not enough to keep out the Father's sunlight so important to the welfare of humanity.

The building has a good location and is pleasantly situated. It faces the west and is supplied with two vestibules, one a cloak room for the girls and another for the boys and this fact will show that the warm western sun is warded off and the wintry winds from the same quarter have no effect. The children are not called on to face light as the seats look to the east and while there might be a little more light on the sides according to the latest plans of up to date buildings there is a good supply of windows, no light in front and that is well.

The stove has recently been replaced with a modern, up to date heater and ventilator of the most approved pattern and the children are profiting thereby. The teacher, Miss Mariam Kenyon, is one of the popular and successful instructors of the county and the directors have been wise in securing her services. She inspires the pupils with zeal for learning and aids them in their efforts. The directors have been generous in the way of appliances such as maps, charts and blackboard. The library is getting somewhat thin and worn and would be greatly improved by the addition of some new books. The school is still within the doors of the case a great deal of knowledge waiting to be assimilated. A few pictures of eminent persons about the walls was the greatest lack the visitor noted but that will have due attention from the powers that be and when one looks at the handsome and efficient new concrete walks they have had constructed he is ready to wait another year for the other things mentioned. Those walks, the writer thinks, are the first of the kind he has seen in his travels about the country. The school has not seen all the rural schools by any means and would not cast reflection on any other board of directors.

The persons forming the board are Mrs. Mary Holmes, Frank E. Drury and Frank Dannerbarger. They are certainly to be commended for good walks and the new heating apparatus and the books and pictures will no doubt come in due season. The pupils average rather young which is pleasing for there is nothing in this world dearer than a lot of little folks and the ones in this school are bright and interesting. They listened closely to the remarks of the visitors and pled him with a number of intelligent questions.

The pupils are: Otha Lewis, Oda Lewis, Bennie Negus, Tomlin Drury, Frank Lewis, Ivan Senters, Roy Senters, Loren Senters, Robert Lewis, Earl Burdette, Hiram Jones, Darwin Jones, Henry Jones, Helen Holmes, Julia Holmes, Anna Belle Drury, Esther Negus, Sarah Davies, Anna Adele Negus, Oma Burdette, Ruth Burdette, Thelma Senters, Ruth Jones, Lucille Bennett, Margaret Bennett, Frances Bennett, Charles Dannerbarger, Capitola Morris, Lotus Kniffley, Carrie Kniffley, Cleveland Pruitt.

Workmen are now engaged in putting the finishing touches on the hard road on the Morton highway east of the city. Teams and scrapers are clearing out the ditches and smoothing things out generally and the county may boast of one stretch of perfect county roads in all seasons.

WILLIAM M. LEWIS MADE PLEA
FOR MORE EFFICIENT NAVYBelieves Preparedness Is the Most
Certain Way for Maintaining
Peace—Points to Need for Board
to Control Naval Expenditures.

William Maier Lewis, who is mayor of Lake Forest and secretary of the Illinois Naval league, was a guest at a Chamber of Commerce luncheon Friday noon at the Dunlap House. Mr. Lewis came to Jacksonville to deliver a lecture in the gymnasium of Illinois college Friday night and the luncheon was arranged in his honor because of the work in which he is engaged for the added fact that he was for a number of years a resident of Jacksonville while serving as a member of the faculty of Illinois college.

Following the luncheon yesterday President Reeve of the Chamber of Commerce introduced President Rammeikamp to preside and he in turn presented Mr. Lewis, who some years ago gave up his position as head master of the academy at Lake Forest to engage in other work. For some time Mr. Lewis has been secretary of the Navy league and has been going from state to state meeting business men and telling them of the purposes of the organization. He spoke briefly at the luncheon but in a very forceful way presenting arguments in favor of a large navy for the United States, as he termed it to accomplish "preparedness for peace."

The purpose of the Navy League is to present arguments to citizens of the country over in support of the belief that this country owes to the commerce of the country and to the people of the country a greater protection than is now afforded. Mr. Lewis quoted Washington as declaring in favor of preparation as a means of preserving peace and mentioned Switzerland as a splendid example of an organized military system. The system there is excellent and yet no nation has preserved a more strong neutrality in the present great conflict than Switzerland. Mr. Lewis said that the navy of the United States is now lacking in 14,000 men from the number which it should have and that the number of war vessels is far below the mark of safety. He quoted several high authorities as stating that the end of the war will see a critical time for this country when there will be a great era of opportunity or a crisis. This prophesy is justified by the history of other great conflicts.

Mr. Lewis declared that the completion of the Panama canal had changed the relationship of this country to the old world powers and quoted German authority as stating that by the construction of this canal that it became impossible for the United States not to be influenced by the happenings to European countries. One of the arguments the speaker presented to show that preparedness in this country would not mean that there was more likelihood of going to war because of preparation and equipment is the fact that with this great republic governmental conditions are different from those in Europe. Here a strong army and navy built up for defense purpose would not be at the disposal of the head of the nation to use for aggression or redress of some personal matter. Here there could be no war unless the people demanded it. Mr. Lewis said that the war of 1812 and the Civil war would have been much shorter in duration had the country been in a state of preparedness to defend itself against such attack. An opportunity was given any person present who so desired to become a member of the Navy League.

Mr. Lewis at Illinois College. A large audience gathered in the gymnasium at Illinois College last night to hear Mr. Lewis make an address on the same general theme which had furnished his subject at the noon-day luncheon. Mr. Lewis was introduced by Dr. Kammekamp who referred to the days when the speaker had been a valued member of the college faculty.

The lecture was illustrated with stereopticon views and the audience found it very interesting and enlightening. Mr. Lewis gave facts about the present day strength of our navy and compared it with that of other nations. He spoke of the plan advocated by Secretary Daniels for increasing the navy strength as one commendable in some ways but he declared that the period of five years, proposed by Mr. Daniels to bring the navy up to the desired strength is too long and that trouble might come before that time.

One great defect in the present system Mr. Lewis said is that the same body which makes appropriations for naval betterments spends the money. He said that the expenditure of the funds should be in the hands of naval experts, men who are familiar with the needs of the navy and who will see to it that the right kind of equipment is purchased and that the money is not wasted. That there are army posts and naval stations in this country which have no reason for their existence as part of a defense plan was the speaker's charge and he said that the instances he referred to were occasioned by the desire of some congressmen to please their constituents. "After all" Mr. Lewis said, "the remedy is in the hands of the voters and when they demand that the sums appropriated be spent in an intelligent and honest manner and that the navy be increased according to the ideas of men schooled in such matters, then and then only will the reform come."

UNION SERVICES AT

STATE STREET CHURCH Tomorrow there will be union services at State Street church, the congregation of the First Baptist church uniting with the other. The Baptist church building is being repaired and the state street church have invited Mr. Stephens and his congregation to worship with them Sunday. Mr. Stephens will preach in the morning at 10:45 and evening at 7:30, continuing in the evening the series of sermons already begun.

MISS ALMA IZETTA OGLE
CELEBRATES 18TH. BIRTHDAYEvent Observed at the Home of Her
Parents—Other Grace Chapel
News.

At the home of Harry E. Ogle on Saturday Nov. 6, was celebrated the 18th birthday of his oldest daughter Alma Izetta. There being between 60 and 70 invited guests present at 8 o'clock. Miss Alma played the song "Brighten the Corner" after which Rev. A. L. Cain offered prayer. Then all were entertained with contests, music, instrumental and vocal, until 10:30 when a two course luncheon was served. Then all took part in cutting of the birthday cake. The 18 candles being lighted by Miss Alma's grand parents, Mr. and Mrs. James A. Smith, of Concord. Mrs. Walter Houston found the key. Alford Guthrie the darning needle, Muriel Stanley the dime, and Spencer Smith the button. Grandma Smith the ring and Rev. A. L. Cain the thimble. Those that won prizes in the contests were Miss Elsie Cully, Philip Stanley, Mrs. Chas. Ogle, Miss Alma received such a lot of nice and useful presents and the guests departed at a late hour wishing her many more happy birthdays. One happy event of the evening for the family circle, was the presence of their oldest son, Russell, who has been in Oklahoma and Texas since July 19. He took the family by surprise when he returned on the Monday night previous to the party.

This neighborhood was visited with a nice shower Thursday morning which was much appreciated.

Some of the farmers are shaking corn and in a few cases the crop is not turning out very favorably.

Rev. Baxter Hale butchered a steer and divided with some of his neighbors last Tuesday morning.

Oscar Bridgman visited in Jacksonville Tuesday.

Mr. and Mrs. J. A. Smith of Concord visited from Friday until Monday with relatives in this neighborhood.

Rev. A. L. Cain and wife, Spencer Smith, wife and daughter, Bonnie, from Concord visited with H. E. Ogles family over Sunday. Mr. Ogle taking Rev. Mr. Cain to his regular preaching appointment at Union church, Sunday morning.

Edward Farmer and wife, from Prentice neighborhood, visited relatives here and at Concord Wednesday and Thursday.

Thomas Alexander, of Montana, arrived this morning. A near relative of the Smith family.

Grace Chapel is getting ready for their annual Thanksgiving supper and those most interested hope all will help make it a success as the Sunday school and church is in need of support. The Sunday school cannot exist if the church members fail to do their part as a whole.

Miss Erma Wolfe of Jacksonville visited with Miss Alma and Edna Ogle over Saturday and Sunday.

CHAPIN.

B. A. Cratz of Concord was a business visitor here yesterday.

Misses Rena and Eula Pond of Mercedia are in Chapin for a Saturday and Sunday visit with Mrs. James Wallace.

Miss Gertrude Stainsforth of Concord was in Chapin Friday, the guest of Miss Esther Antrobus. She expects to leave this morning for a short visit in Des Moines, Ia.

The Chapin basketball team will go today to Chambersburg and will play the Chambersburg team this afternoon.

Dr. S. J. Carter of Jacksonville was here on business Friday.

Miss Nellie Carter of Beardstown is visiting her sister, Mrs. John Bobbitt, for a few days.

Mrs. Ray Sullivan of Beardstown is spending a few days with relatives and friends in Chapin.

Carl Woodall and daughter of Winchester were in Chapin yesterday, guests at the home of Mrs. James Sherry.

Mr. and Mrs. H. C. Bridgeman and daughter, Glenna, Miss Mabel Tholen, Miss Myra Anderson and Mr. and Mrs. John Nash are spending a few days at the club house in Mercedia.

The marriage of George H. Tholen and Miss Clara Hemback took place Thursday evening at six o'clock at the home of the pastor of the Lutheran church, Rev. Mr. Selving officiating. After the ceremony the young people went to their home, five and one-fourth miles northwest of Chapin, and enjoyed a wedding supper.

IMPROVEMENTS AT

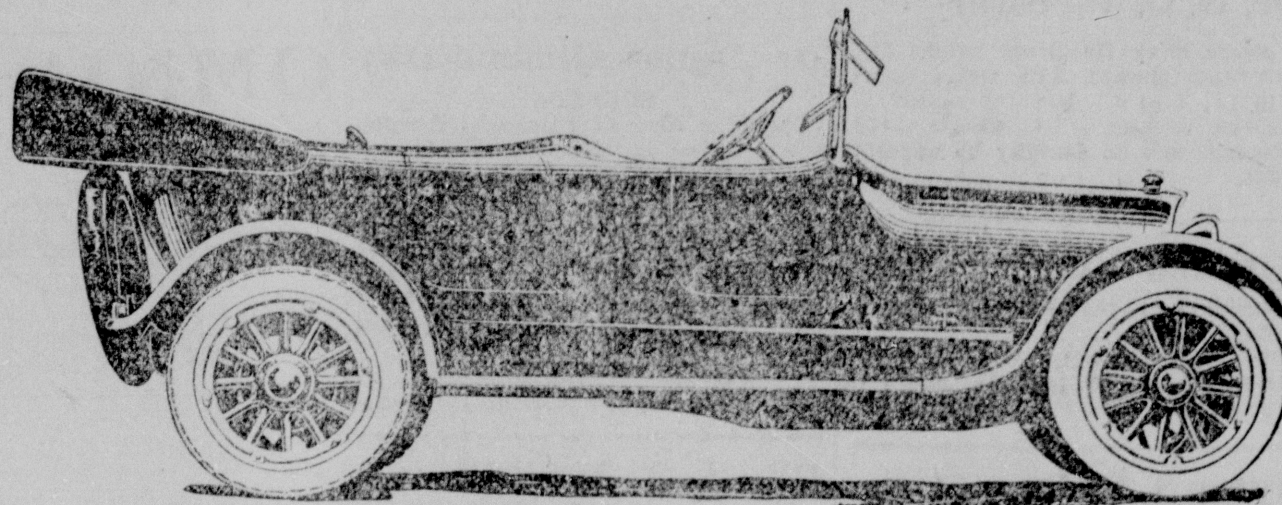

DUNLAP HOTEL Work has commenced which will result in great betterments and improvements in the Dunlap hotel. One of the main improvements is the placing of a large plate glass window in the front of the lobby. This glass probably is one of the largest in the city and will add greatly to the appearance of the building and also to the lobby. The work of making the necessary changes for the glass is being done by the firm of Joshua Vasconcellos & Sons. The brick work is being done by Ellsworth Wells.

Much work also will be done in the interior of the lobby. This will include new panels in the ceiling and other painting and decorating. This work has been let to J. J. Mallen & Son and they already have started work. The panels and sidewalls of the Dunlap lobby was done by J. J. Mallen nearly thirty years ago. The sidewalls are done in paracusta which was invented by Henry McDonnell in the 80's and placed in many buildings in Jacksonville.

JURY'S VERDICT IN
FAVOR OF LUTTRELL

MALLOY CASE COMMANDS AT-
TENTION OF COURT.

"Unjust Discrimination" Charged
Against Theater Owner—Appeal
May be Taken to Supreme Court—
Docket Entries.

In the case of Gladys and Gracie Mallory against G. M. Luttrell charging unjust discrimination the jury returned a verdict in favor of Mr. Luttrell. The case was tried in Justice Coons' court last May and Justice Coons decided in favor of Mr. Luttrell and an appeal was taken by John M. Butler, attorney of the Misses Mallory. The case was given to the jury about 5:30 o'clock and they returned with their verdict about 7:30 o'clock.

The case occupied most of the day before Judge Jones on Friday. The work of selecting the jury required some little time. The jury was composed of the following: James Wood, Ollie Fanning, John Seal, F. H. Clark, J. H. Mallen, Leo Doolin, Charles H. Story, Anell Hodges, J. W. Gibson and R. W. Megginson. The Mallorys were represented by John M. Butler and Mr. Luttrell was represented by Judge M. T. Layman and W. T. Wilson.

The suit came out of an incident which occurred at the Majestic theater in May, 1915. The Mallory girls went to the theater and took seats in a certain part of the theater and Mr. Luttrell asked them, which his testimony when on the stand brought out, to take seats which were reserved for them. They refused to do so and their money was returned to them. The suit grew out of the incident.

The case is one under the civil rights act and the charge in the case was unjust discrimination because of color. It is understood that an organization for the protection and betterment of colored people is backing the case and it is that that an appeal will be taken to the supreme court by the plaintiffs. It is said that no case similar to this has ever been brought to the attention of the supreme court. If the case is taken up the result will be awaited with interest.

Docket Entries.

Norma Grant vs. next friend vs. J. Spencer Seif, trespass on the case. Jury return verdict finding issues for the plaintiff and assess her damages at \$1,500. Judgment on the verdict in favor of the plaintiff and against the defendant for \$1,500 and costs.

Chancery.

James Mueller vs. Phoebe Mueller, divorce. Defendant called and makes default.

Joseph Sample vs. Elise Sample, divorce. Defendant called and makes default.

Lizzie Roads vs. William Roads, divorce. Defendant called and makes default.

Minnie Ratliff vs. Edward Ratliff, divorce. Defendant called and makes default. Cause called for trial. Court finds defendant guilty of statutory charge. Decree for divorce and restoration of maiden name entered and approved.

Jennett Baujan vs. Earl Baujan, divorce. Decree for divorce and restoration of maiden name entered and approved and cause stricken.

STUDENT GOVERNMENT
AT WOMAN'S COLLEGE.

Anniversary of First Year of Control by Student Body Observed With Fitting Ceremony Friday.

Friday was the first anniversary of the establishing of the student government at Illinois Woman's college and in observance thereof, students of the institution joined in a torch light parade and snake dance on the campus Friday night and gave a play, written by several students in honor of the occasion, at the morning chapel hour. Four scenes of this play represented conditions at the college before the advent of the new form of government and two scenes which followed showed life at the school today.

Since its inception student government at the college has met with success. For several months a conditional form of student control was in operation, but this was superseded by genuine student government a year ago.

FUNERALS

Hogan.

Funeral services for the late Mrs. Mary Hogan were held from the Church of Our Savior Friday morning at 8:30 o'clock. High mass was said by the Very Rev. Dean J. W. Crowe. There was a large gathering of friends to pay a last tribute to the memory of the deceased.

Interment was in Calvary cemetery. The bearers were: Patrick Shanahan, Sr., John Noonan, M. H. Carroll, Andrew McNamara, Martin Joyce, J. W. Harrigan.

MRS. J. M. M'KEAN SPEAKS AT
MOUND COUNTRY CLUB MEETING

Tells of the Place Domestic Science
Plays in the Home and Gives Valuable Suggestions.

Mrs. J. H. McKean, of Springfield, secretary of the Domestic Science Department of the Farmers' Institute, was the principal speaker at the Mound Country Club which held their meeting at the home of Mrs. Edward Stevenson, Friday. She said that there were 375 similar clubs to that one to whom she was speaking, in the state of Illinois. Next year two policies would be carried out, first a better organization and second closer co-operation. She said that men organized a long time before women. They feed their soil and stock and women feed the men. Household science means both work in the household and outside of it. Domestic science is not all fancy cooking, cooking was only one branch of it and the true science eliminates drudgery. It makes the home to fit the family. The branches are hygiene in the home, decorations in the home and decorations in the garden and grounds, reading and recreation being a part included.

In speaking of the value of foods she said that children wear out more tissue than adults and therefore should have more tissue building food. Children should drink lots of milk and adults do not drink enough milk. Every exercise taken wastes tissue cells, so particular kinds of cells need particular kind of food. We need food that furnishes fuel, energy and oil. We do not live on the food that we eat but upon the food that we digest. More people die from eating than from starvation.

Americans are the most poorly nourished of any nation on the globe and the most wasteful. On the other hand the Chinese are the most perfectly nourished and economical. Mrs. McKean then told the ladies that they should figure up the cost of living, that the woman from the country should know what butter, eggs and milk cost was estimated by the ladies who reside in the city. The speaker said that most people eat too much sugar and that it was bad on the health. She said that a tablespoon full of sugar for one meal was sufficient for any person. Eat more vegetables and drink more waters are two good mottoes to observe. In most gardens a greater variety of vegetables could be raised and they would be found to contain great medicinal properties and things that the body really needed.

Seventy five per cent of the households fail to make a living because they do not consider the wastes. They do not know how to buy nor how to cook. Mrs. McKean spent 10 years in the Associated Charities works and could speak from experience along this line. She gave an example of a man and his wife, who were struggling along going in debt each month. The man was only getting \$60 a month and one month his grocery bill was \$48. In a crowd of 350 women, one day, Mrs. McKean asked how many really liked to cook and out of the number there was only 14 who said that they did. Selfishness was a great factor in the housewives' ambition. The first instinct of the human being is selfishness. It is natural for a woman to be a home maker as it was for a duck to swim. The first thing a little girl wants is a set of dishes.

The speaker gave a number of recipes and in speaking of carrot salad she said to take equal parts of carrot and English walnuts and put carrots and walnuts thru a meat chopper and add as much celery cut fine as was necessary and to mix.

Many questions were asked and the afternoon proved one of especial profit. At the close of the program light refreshments were served and a social hour enjoyed.

WILL HOLD MARKET.

AT THE GRAND.

"The Girl of Tomorrow", a musical comedy which has recently completed a run at the LaSalle theater in Chicago was the attraction at the Grand last night and pleased a large audience. Joseph E. Howard who has a long series of musical comedy successes to his credit and Mabel McCane equally well known to the stage are in the cast which included Jack Gardner, James J. Morton and a number of others who add quite materially in the presentation. The chorus members are comely and sing well. "The Girl of Tomorrow" follows well known lines dramatically and musically but is none the less pleasing from that fact and there is none of the risqueness which mars some productions of the class.

ROBERTS BANKRUPTCY STOCK BOUGHT FOR G. C. OLINGER

Total Bid of \$2035 Made by M. R. Fitch—Purchaser Expects to Continue Business.

The stock and fixtures of the W. D. Roberts store were purchased yesterday by M. R. Fitch at the sale held by the assignee, J. Weir Elliott.

The auctioneer was J. C. Cox. In making his bid Mr. Fitch was acting for G. C. Olinger of Franklin who purchased the stock with the expectation of continuing the business in the present location or in some other. Mr. Olinger is a member of the firm of Olinger Bros. and has conducted a successful business in Franklin for a number of years.

He will be a valuable addition to the business circle of Jacksonville.

The grocery stock and drug stock were offered separately and afterward sold together and the same plan was followed with reference to the fixtures. Mr. Fitch's total bid of \$2,035 was more than the separate bids and the property was accordingly sold to him. All that remains before possession is given is the approval of E. S. Robinson, referee in bankruptcy, and this will no doubt come promptly. The property was appraised at \$4,971.84 and after the allowance of \$400 made to Mr. Roberts under the law, this left the valuation \$4,571.84. The stock and fixtures, therefore, sold yesterday at about 50c on the dollar by comparison with the appraised value.

When the property was offered in separate lots Hood & Larson bid \$210 for the cash register, Illinois Woman's college \$50 on a meat cutter; Weber & Son \$37 for the safe. Other bids were, wagon, Weber & Son, \$47.50; wagon, John Cherry, at \$24; a set of harness, \$8.50. This total was \$2030 and Mr. Fitch raised this to \$2035.

'HOME AND MOTHER' FRIDAY THEME AT CHRISTIAN CHURCH REVIVAL

"A Worldly Home Where Christ Comes to All is a Home Transformed," Says the Rev. John L. Brandt—The Sermon Subjects Sunday.

"Home and Mother" was the subject of the Rev. John L. Brandt Friday night in an earnest discourse at Central Christian church. The auditorium was filled and there was one accession to the church. Prayer was offered by Rev. Mr. Sherman and the Rev. P. W. Stephens. "The names of men appear on the pages of history," said the speaker, "while the life of woman is more often spent in the quietness of the home. To our mothers we are greatly indebted; in them we see a love which is next to the love of Christ. No nation can rise higher than the mother's station. In the whole world there is nothing more beautiful than mother love."

Especially pleasing was the rendition of an illustrated hymn, "The Ninety and Nine." Miss Cora Graham the singer, was at her best and for her rendition of the hymn there was nothing heard but words of earnest praise and commendation.

"Let every man be ready always to give a reason for the faith that is within him," will be the text of Rev. Mr. Brandt at the Sunday morning service. Sunday evening he will speak on the subject, "Paul Before Agrippa."

"Unfathomable is the love of mother," continued the evangelist. "Thru sorrow, trouble, great peril and death it clings to us still. Mother's prayers travel faster than a young man can go astray. The thought of a mother's love, her influence or her life, are often the cause of the young man or the young woman bethinking themselves and making the stand for a better life. How often does the mother's love prevail when all else fails. A home on earth where Christ comes to all is a home like unto Heaven itself, it is a home transformed."

RAISED LARGE TURNIPS.

William Phalen, gardener at the County Farm, Friday brought some very large, healthy and sound looking turnips into the Journal office. These fine specimens are on display in the Journal window. There is a large patch of these vegetables on the county place and all are very fine tho not all quite so large as those Mr. Phalen brought to the city Friday.

SHAW CLAIMS HE WAS HIRED TO BURN BUILDING

Wm. Shaw who confessed to the police here several days ago to burning a large amphitheater at a race track in Westerville, Ohio, seven years ago has been taken back to that city. Sheriff Resch of Franklin county Ohio came after the prisoner. The police were at first skeptical about Shaw's story but it proved to be true.

It would seem that the confession will develop into a big sensation and that it will result in placing on trial the "man higher up." According to Sheriff Resch a man in Westerville owned and operated a race track in that city in 1898. The venture was a losing one and one night fire destroyed the amphitheater. There was suspicion at the time that the fire was of incendiary nature but nothing could be proved. The owner collected \$8,000 insurance on the structure and started in the brokerage business and has prospered, retiring from business a few years ago.

Shaw in his confession alleges that he was hired by the owner to set fire to the amphitheater in order that the insurance money could be collected. His conscience bothered him and he made the confession. It is probable that he will be used as a witness in an endeavor to indict the man who employed him to burn the building. Shaw returned to Ohio without requisition papers.

ALLEGED CHECK FORGER FOUND IN SPRINGFIELD

Dorris Donley, the colored man who passed a forged check on Myers Bros. last Monday and got out of town, was arrested in Springfield, Friday. Chief Davis will either go or send one of the force to Springfield today to bring him back for trial. Donley originally came from Mexico, Mo., and has been here for some time. He had been in the employ of J. B. Corington and the check he passed had Mr. Corington's name forged on it and was for the sum of \$22.50.

A VISITING MINISTER.

Rev. Loyal W. Madden, of Hoopes-ton, Ill., was a visitor here Friday. Mr. Madden is pastor of the Presbyterian church in his home city, and a man of note as a preacher. He spent some time with Rev. W. E. Spoons and Dr. Morey, and visited various features of interest in the city.

MRS. PRESTON WOOD

CELEBRATES 84TH. BIRTHDAY

Delightful Gathering of Relatives at Family Home in Duncan Place.

Today Mrs. Preston Wood of No. 6 Duncan Place is celebrating her 84th birthday. Her six children have all arrived and are enjoying a family reunion.

Mrs. Wood was born in Montgomery county, Ill., Nov. 13, 1831. Her ancestors were the Christians and Granthams, well known throughout the south. August 8th, 1853, she was married to the Rev. Preston Wood, a member of the Illinois Conference of the M. E. church, who afterwards became known as one of the most effective and efficient presiding elders in the whole connection, and a leader in his conference. They served together, among other charges, Hillsboro, Waverly, Beardstown, Decatur, LeRoy, Atlanta, Clinton, Lincoln and Carlinville. Mr. Wood was elder on the Danville, Griggsville, (West Jacksonville, Bloomington and Springfield Districts).

During the War of the Rebellion he was chaplain of the 38th Illinois Infantry. Several years he spent, at great personal sacrifice, to raise funds for the Illinois Wesleyan University and for the Presbytery's Aid society of the Illinois Conference. The labors of all these positions Mrs. Wood gladly shared and no small part of her husband's unusual success before the public was due to her work for and in the home. Ten years ago Mr. Wood died in Springfield. Soon after Mrs. Wood settled in Jacksonville, where she has built her a beautiful home at No. 6 Duncan Place.

All six of the living children are present and there will be a birthday dinner served today. The children are: Col. William T. Wood, U. S. A., of Washington, D. C., who is accompanied by his wife; Mrs. Mary Wood Phillips of Cerro Gordo, Illinois; Mrs. Ann Wood Galford, of Clear Lake, Iowa; Miss S. Catherine Wood of Jacksonville, Ill.; the Rev. Pheson Wood, district superintendent, Springfield district, and the Rev. Albert L. Wood of Valley Falls, Kansas, and a Wood Phillips of this city.
